

How to describe and publish a trail?

- 1) Create a trail.
- 2) Once the trail has been created, click on the "describe and publish" tab.
- 3) From there, you will be asked to fill different fields.
- 4) When you have completed all the fields proposed, without forgetting to enter the outdoor activity, make sure you click on the "register" tab.

Note: if you click on the "save" tab you will return to the map with your track while clicking on the "save and finish" tab will return you directly to the "dashboard" heading.
