How to print my trail?

Two options are available to you.

1) Once your trail is created and saved, print it by clicking on the "Operation" tab and selecting the "Print" option.

2) You can print your trail by going to the "dashboard".

- From there, select the trail you want to print.
- Click on it to get the details of it.
- Finally, once on the description of your trail, click on the icon "print" **.
