

How to search trails from a chosen position on the map ?

- 1) Once on the app, go to the "**Trail discovery**" section. 
- 2) Go to the map section.
- 3) Choose a place to discover the trails.
- 4) Then, return to the discover part.
- 5) Press "**Displayed relative to**" at the top of the screen by selecting "**From the center of the map**".
- 6) Once done, discover the premium catalog and all the nearby trails will be published.
