

How to activate the shake mode for instructions ?

- 1) Open the trail in the app.
- 2) Go to the "**Trail**" section in the information area at the bottom of the screen.
- 3) Tap the "**Settings**" icon to the right of it  1536586305ic_settings_black_24dp.png
- 4) Check the "**Shake for voice guidance**" option (this option is only available on Android).
