

How to change my avatar?

Two options are available to you:

1) You can click on the current avatar and select a file in your computer that you wish to use as a new avatar (photo or image). Then follow the instructions on your computer.

2) Once logged in, go to the "settings" and click on the "change avatar" tab. Then choose a file in your computer that you want to use as an avatar (picture or image) and follow the instructions on your computer.
