# How to delete a download area?

1)    Open the main menu via this icon :   1536586635ic_newsfeed_black_24dp.png

2)    Select the "**Download maps**" tab. All maps in this section are your downloaded maps for which you have access without internet connection.

*If you want to delete one of these areas,*

1)    Tap the three small dots   1536586368ic_more_vert_black_24dp.png on the right side of the area to delete.

2)    Select the "Delete" proposal.

*If you want to delete all your zones at once,*

1)    Tap the icon   1536586362ic_layers_clear_black_24dp.png

2)    Select "Delete all"
